A WORD TO THE TRADE

We do not sell cheap groceries, but we do sell groceries cheap. In other words, while our prices are away down, our goods are away up in quality. That is the reason why our trade increases every month we are in business. We couldn't hold our trade on inferior goods, and we wouldn't sell them to you. All we ask is for you to come to our store, get our prices, look at the goods, and investigate thoroughly every order, comparing prices with any you can get. We ask your trade on this basis. Come and see us, and it will not be our fault if you are not entirely satisfied.

REMARKABLE TALE TOLD.

Why Examination of Dr. Hamilton Was Stopped.

THAW WAS CAUSE OF IT.

Defendant Sent Delmas a Note Saying He Did Not Wish to Be Adjudged Insane and Informing Attorney His Services Had Ended.

New York, April 15.—Interest in the case of Harry K. Thaw now centers in the probable changes he will make in his staff of lawyers. While no official announcement has been made in this regard, intimations come from the lawyers themselves that changes have been made and that others will follow.

Delphin M. Delmas, who led the fight at the recent trial, has, it is stated, severed his connection with the case. In this connection the story of a remarkable proceeding of Thaw at a critical period of his trial has been published here. The story recites when the trial was resumed after the report of the lunacy commission Mr. Delmas called Dr. Hamilton to the stand to have him testify as to Thaw's mental condition when the murder was committed. He was just about to question him when he received a note from Thaw, which read: "You are no longer in charge of my case." Delmas, surprised, secured the court's permission to confer with his client, the story states, and when he asked Thaw what the note meant Thaw is said to have replied: "It means just what it says. You are not going to make those men testify that I am insane. I am sane, and you know it. You are no longer in charge of my case." Mr. Thaw then asked Thaw for permission to withdraw, but his request was refused. Delmas, under a law, could not voluntarily retire from the case, and Thaw having told him that he (Thaw) was leading counsel in his own case, Mr. Delmas asked him what he wished done. "I want you to take Dr. Hamilton off the stand and begin to sum up before the jury," was the reply. Mr. Delmas attempted to reason with Thaw, but he was immovable, and thereupon announced the defendant rested his case, and Dr. Hamilton was excused without testifying.

Daniel O'Reilly makes the announcement he is now counsel for Thaw and will be in active charge of his case hereafter. He was appointed to that position a couple of weeks ago, he says, succeeding Clifford Hartridge. Thaw appointed O'Reilly the day Mr. Hartridge started to cross-examine Dr. Mabon. Mr. O'Reilly says, and tried to frame up a hypothetical question which the judge ruled out. Mr. O'Reilly is authority for the statement that he is the only one of the five lawyers Thaw has reengaged, but says Thaw is fond of Attorney Peabody and he will be retained. Delmas and Gleason, according to Mr. O'Reilly, are out for good. Lawyer O'Reilly will move within a week to have Thaw released on bail, and says he expects to succeed.

ECKELS EASILY EXPIRES.

Death Overtakes Financier as He Was Slumbering.

HAD A NOTABLE CAREER.

Comptroller of the Currency During the Second Administration of President Cleveland and Connected With Numerous Enterprises.

Chicago, April 15.—James H. Eckels, president of the Commercial National bank of this city, and former comptroller of the currency, died at his home Sunday of heart disease. The death of Mr. Eckels occurred apparently while he was asleep in his bed.

The fact that he was a dead man was discovered by a butler, Frank Evans, who entered Mr. Eckels' room after hearing a telephone within ring continuously without receiving an answer. Thinking that Mr. Eckels had not been awakened Evans entered and found Mr. Eckels apparently asleep. The butler called to him, and getting no response sought to arouse him and found that he was dead. Other members of the household were summoned and Dr. Frank S. Churchill was hurriedly called. Dr. Churchill arrived in a short time, and after an examination gave it as his opinion that Mr. Eckels had been dead for some hours.

The death of Mr. Eckels came on the eve of a breakfast party which he had planned for a number of his friends and relatives.

Mrs. Eckels and daughter, Miss Phoebe, who are at Paris, were called James A. Eckels of Princeton, father of James A. Eckels, died two months ago. On the morning of the death of the elder Eckels the son was the host of former President Cleveland. The former president and Mr. Eckels were at breakfast when the news of the father's death was received at the Eckels residence. Mr. Eckels was kept in ignorance of the fact for several hours until Mr. Cleveland had left the city.

It developed during the day that the person who was trying to communicate with Mr. Eckels over the telephone, the ringing of which led to the discovery of the death, was George Eckels. Half an hour later he was called to his own telephone and notified of his brother's death.

Mr. Eckels was a stockholder and prominent in the management of several concerns, among them being the Hewitt Manufacturing company and the Union Traction company, of which he was vice president; the Featherstone Foundry and Machine company, the Chicago Real Estate Trustees' association, the Allis-Chalmers company, the American and British Securities company, the Bankers' Trust Company of New York, the Oakland National bank of Detroit and the First National bank of Baltimore.

Mr. Eckels was born at Princeton, Ill., Nov. 22, 1858, and most of his life was spent in Illinois. He received his early education in the schools of the native city, later taking up the study of law at Albany, N. Y., graduating from the Albany Law school in 1880. He practiced law at Ottawa, Ill., until appointed by President Cleveland comptroller of the currency in 1893. Mr. Eckels, during the agitation of the currency question, became prominent as an advocate of the gold standard. Always a Democrat, he became affiliated in 1896 with the Gold Standard Democrats. He was comptroller of the currency until the end of President Cleveland's term in 1897, when he became president of the Commercial National bank of this city.

SWITCH TURNED.

Train Wreckers Believed to Have Been Cause of Railroad Accident.

Alexandria, La., April 15.—Three men killed and one probably fatally injured is the result of what is believed to be the work of train wreckers at Cheneyville, thirty miles southeast of here on the Texas and Pacific railroad, Sunday morning, when a westbound passenger train plunged into an open switch while running at a high rate of speed. The wreck caught fire, and the mail car and two passenger coaches were burned. The dead:

Engineer John J. Covington of New Orleans.

Fireman Michael Cass of New Orleans.

One unidentified man, whose charred body was found in the wreckage.

The injured: Express Messenger William E. Pugh of New Orleans, badly burned.

An investigation showed that the switch lock had been broken and the switch turned and the signal lantern thrown away.

The passengers and train crew, as soon as possible, set to work in an effort to rescue those in the wreckage, and succeeded in releasing the engineer, fireman and express messenger, not before all three had been badly burned, however.

LARGE FIRE LOSS.

Alpine's Business Section Totally Destroyed by the Flames.

Alpine, Tex., April 15.—The business portion of Alpine was destroyed by fire which originated in the Garnett building. Those who lost heavily are Ed Garrett, R. B. Slight & Co., Mitchell & Werth, the Larkin company, the first National bank and W. M. Sanford. The total loss is estimated at \$175,000, which was partially covered by insurance.

East St. Louis, Ill., April 15.—Despondent because his wife had left him, Charles Lousha, a Hungarian, cut his throat with a razor and then smoked cigars for two hours until he finally fell over dead from loss of blood.

IN SIX COFFINS.

Eight Victims of Gunter Holocaust Buried.

Sherman, April 15.—Sherie Rich returned from Gunter, where he went to investigate the buning of John T. Price and family of five children, a stepdaughter and niece, which occurred while the \$5,000 family residence was being consumed by fire.

Mr. Rich is of the opinion that the horrible occurrence was the result of an accident. He says the body of Mr. Price was found by the stove, where broken parts of his coal oil jug were also found. His watch, knife, rims of his purse and some small silver coins were found near by. The watch had stopped at 3:10, which indicated that the accident occurred about that hour. It is also known that Mr. Price was preparing to catch an early train to send two of his children on a visit to relatives in Johnson county.

All bodies were buried in Warden cemetery at Gunter Sunday afternoon. Hundreds of people attended the burial. They were placed in six coffins and were carried to the Christian church in Gunter. Services were held by Rev. Clark at 10 o'clock Sunday morning.

Robert and William Price, brothers of the dead man, who live near Gunter, it is said, are of the opinion that murder was committed before the house was set on fire. A shirt worn by one of the victims, Miss Churchill, which shows blood spots, has caused a rigid investigation to be inaugurated by medical experts.

BILLS SIGNED.

Governor Campbell Affixes His Signature to Several of Them.

Austin, April 15.—The governor has signed the following bills: A bill to regulate the speed of automobiles, fixing the speed in cities and towns at eight miles and at eighteen miles on county roads; bill to provide for a board to calculate the ad valorem rate of taxes for state purposes each year; bill to require railroads to report to the comptroller under oath rolling stock operated by them under rental, hire, lease or other form of contracts; bill defining trusts and making more stringent the present anti-trust law, so as to provide jail sentence for violation.

The senate met Monday morning at 10 o'clock, but disclosed only nine senators present and with no prospects of getting a quorum adjournment was had until Tuesday.

The governor today appointed Dr. J. T. Wilson of Sherman as delegate from Texas to the meeting of the Council on Education, which meets at Chicago this month. Drs. S. T. Turner of El Paso and M. M. Smith of Austin were appointed alternates.

The postage stamps account for the regular appropriation of the house amounted to \$2,871, which is \$400 less than the amount appropriated for that purpose.

It has been disclosed that during the last day of the session of the house the committee on common carriers had reported adversely on the Kennedy bill to abolish the Houston-Galveston cotton differential. The report was signed by twenty members of the committee.

Adjutant General Newton announced that he will establish two target ranges in Texas and is now figuring on locating them at Waco and Dallas. These ranges are to be established under the Federal appropriation of \$18,000 a year. There is now \$32,000 in the hands of General Newton for that purpose.

POPULAR NEGRO BURIED.

For Many Years He Was Carriage Man For Dallas Business House.

Dallas, April 15.—The funeral of the late Ambrose Moore, who for many years tied horses in front of Sanger Bros.' establishment, took place Sunday. He was polite and courteous, and had more friends perhaps among the whites than any negro in this city.

The funeral was at Macedonia Baptist church. It was conducted by Rev. L. K. Williams, pastor of the church, and was under the auspices of Pride of the West Lodge, Colored Knights of Pythias. Many of the white people sent flowers to the funeral. The procession was headed by a brass band and was more than half a mile in length. Interment was at Honey Springs, near Miller's Switch, this county.

SONS OF HERMANN.

Fourteenth Biennial Convention of the Order Is Held at Dallas.

Dallas, April 15.—The Sons of Hermann began their fourteenth biennial convention Monday. Mayor Smith welcomed the 500 delegates. Charles A. Altermann welcomed them in German. Frederick Hobbeinz, grand state president, is presiding. Committees were appointed and much routine business done at the first day's session.

Jump Proves Serious.

Houston, April 15.—As a result of reading about a newspaper man who leaped forty feet upon the back of a diving horse at the race track into a tank of water, Marion Boring, aged twenty-six, jumped from the San Jacinto street bridge into the bayou, fifty feet, and was seriously injured. He was rescued in an unconscious condition.

For Opposition Ticket.

Fort Worth, April 15.—Appetition will soon be circulated for a mass-meeting to select a second city ticket in opposition to the one recently named by the citizens' committee of thirty.

The law making it a misdemeanor to bet on ball games goes into effect July 11.

The legislature has passed a law making non-support of a wife or minor children, when destitute or in necessitous circumstances, a misdemeanor punishable by fine of \$100 to \$1000. The law also carries a jail penalty.

With a scholastic population given at 5026 in an Austin dispatch, Brazos county comes within the provisions of the law enacted by the legislature requiring all counties having a scholastic population of 3000 or over to have a county superintendent of public instruction. The administration of the schools of Brazos and many other counties now devolves upon the county judges as ex-officio superintendents. The services of Judge A. G. Board in this capacity have been marked by able, careful and painstaking effort and have been rewarded with marked success.

DOG HAD HYDROPHOBIA.

A letter from Mrs. Cliff A. Harris at Austin states that an examination of the head of the dog which bit her son, Master Adlai, made at the Pasteur Institute in that city, developed the fact that the animal had hydrophobia.

The letter stated that the treatment of Master Adlai had begun. There seems no reasonable room for doubt that the prompt application of the treatment will render the lad immune from all danger, and it is most gratifying to the many friends of the family that immediate action was taken.

Later—Mrs. Harris returned home yesterday afternoon, and will go to Austin again today. She states that the physicians in charge say that Adlai's wounds are exceedingly severe, which leaves the outcome of the case more problematical than it would otherwise be, but that the little fellow is getting along as well could be expected.

A SAD MESSAGE.

Mrs. Geo. B. Butler and Miss Emily Peale were informed by telegram yesterday of the death of their brother, Mr. A. W. Peale, at his home at Natchez, Miss., and Miss Peale made preparations to leave for that city yesterday in response to the message, but was later advised not to come on account of the malignant character of the fever.

Mr. Peale, who died of scarlet fever, was deputy sheriff of Harris county, Miss., and was thirty-eight years old. He was a member of the Episcopal church and leaves a wife and two children. The many friends of the family in this city deeply sympathize with them in this great and unexpected bereavement.

AUTOMOBILE TOURISTS.

A party of seven Houston young men passed through the city yesterday in an automobile touring car bound for Dallas, Ft. Worth and other north Texas points. They took dinner at the Exchange hotel, in company with O. E. Saunderson and George Smith, and proceeded on their speedy journey. In the party were Pat and John Foley, E. A. Hudson, W. H. Curth, G. A. Gibbons Jr., Hy Stude and W. B. Botts.

THE BRAZOS PRESBYTERY.

Sunday was Given Over to Religious Services—Business Session Held Yesterday.

The Brazos Presbytery, in this city, gave Sunday over entirely to religious services, and splendid sermons were preached by the visiting ministers. Dr. R. M. Hall of Galveston preached at the Presbyterian church at 11 a. m., on "Miracles," and Rev. A. S. Johnson occupied that pulpit Sunday night. Rev. Thos. Hickling of LaGrange preached on "Love" before the Methodist congregation at 11 o'clock, and Dr. Ramsey of Houston preached at night. The pulpit of the Christian church was occupied by Rev. L. E. Selfridge at 11 o'clock, and Dr. McFarland preached at the A. and M. College at the morning hour.

The visiting ministers are an earnest and consecrated body of men, educated and prepared for the great work in which they are engaged, and in which many of them have grown gray, adding the ripeness of experience to their other qualifications. They have exerted a fine influence by precept and example during their stay in the community, and have been the means in the hands of the Lord of disseminating blessings amongst us.

MONDAY.

At the business session of the Presbytery yesterday morning the work of reviewing the sessional records of the various churches was taken up.

A communication was received from the management of the Jamestown Exposition announcing that a Pan-Presbyterian exhibit will be made in connection with the exposition showing the development of Presbyterianism since the settlement of this country.

Dr. J. D. McLean, representing the Synod's orphan home at Files, near Hillsboro, arrived yesterday morning and addressed the Presbytery on the work of the orphans home yesterday afternoon. GREAT RESULTS FROM THE REVIVAL.

Splendid Services Sunday and Yesterday—Union Mass Meeting Will be Held Tonight.

Great spiritual power is being manifested in the revival meeting which has been conducted by Dr. H. C. Risner of Tyler at the Baptist church the past two weeks, and the indications are that many more will be led to Christ and received into the church at the services today and tonight and following the meeting.

Immense congregations were present at the Sunday services. At the morning service Dr. Risner preached one of the most powerful sermons ever heard in Bryan on, "More Than Conquerors." The discourse was based on the 37th verse of the eighth chapter of Romans. Eight persons united with the church, six on profession and two by letter, at the close of the gracious service which continued until 1 p. m.

At the Sunday evening service Dr. Risner preached from Acts viii, 21: "Thou hast neither part nor lot in this matter; for thy heart is not right in the sight of God." After showing the desperately wicked lengths to which the unregenerate human heart goes, Dr. Risner made a strong plea for the ac-

ceptance of the atoning blood of the Redeemer. There was one addition to the church at the close of the service.

A union mass meeting at which the christian men of the town of all denominations are urged to be present, will be held tonight at 8 o'clock. The pastor, Dr. Butler, is insistent in his plea that all attend this meeting.

Dr. Risner preached on the twenty-third Psalm yesterday forenoon, following which a testimony meeting was held. A sermon addressed to the unsaved last night was followed by two more additions to the church, one on profession and one by letter, making a total of 34 to date.

SHOULD BE REVERSED.

Hendricks Club Thinks Roosevelt Ought to Nominate Bryan.

Evansville, Ind., April 13.—At a meeting of the Hendricks club here, the largest Democratic organization in the state, to celebrate the birthday of Thomas Jefferson, the following resolution was unanimously adopted and a copy wired to John Templeton of Atlanta:

The Hendricks club of Evansville believes that, in the interest of a square deal, that Roosevelt should nominate Bryan for president in 1908, as there is now no doubt that Bryan was beaten in 1896 by the contribution of money from insurance companies, railroad companies and tariff-protected monopolies, and that President Roosevelt knows this to be a fact, and that Bryan in 1896 stood on the platform on which Roosevelt now stands on railroad regulation."

MANGUM'S BIG BLAZE.

Premier of Russia Has Submitted a Bill to Parliament.

St. Petersburg, April 13.—Premier Stolypin has submitted a bill to parliament providing for the appropriation of \$11,500,000 as a supplementary credit for famine relief and asked for the earliest discussion of the matter on account of the urgency of the situation.

The central committee for famine relief reports that the spread of scurvy and other diseases necessitates a large appropriation for medical assistance. The zemstvo of Samar province, where the scurvy is most prevalent, telegraphed to the committee that it is without funds for medical supplies and is unable to secure credit.

Miss Fay Templeton Soon Gives Up the Stage.

New York, April 13.—Dispatches from Boston, where Miss Fay Templeton is playing in "Forty-Five Minutes From Broadway," say that the actress intends to retire at the end of her present season, which has about five more weeks to run.

Since her marriage to William Patterson of Pittsburg last summer Miss

Brownsville People Show an Appreciation of Chief Executive's Action.

Brownsville, Tex., April 13.—A very large walking cane, made of Mexican coffeewood, and handsomely carved, was on display at a local jewelry store, being an object of general interest from the label which it bore, "A Big Stick for Teddy." As the inscription indicates, the cane is to be sent to President Roosevelt as a gift from Brownsville citizens, with a suggestion that he use it to make the senate committee give Brownsville a fair showing in the investigation of the negro soldier outrage. The stick weighs four and three-quarters pounds.

Negro Accused of Assaulting a White Woman.

New Orleans, April 15.—While a
score or more white men were taking
a negro charged with criminal assault
on a white woman from jail at Bunkie,
La., with the intention of lynching him
they were fired on by a crowd of ne-
groes hiding near the jail for the pur-
pose of either rescuing or defending
the negro prisoner. Three white men
were wounded. One of these will prob-
ably die. Those injured were: John
Dorman of Hassville, La., dangerously
wounded in abdomen; E. White of
Brandon, Miss., shot in thigh; How-
ard Crutcher of Hassville, La., shot
through an arm. After the shooting
the negroes got away, carrying the ne-
gro prisoner with them.

The crime which led up to the shoot-
ing was committed by the negro on
Mrs. Johnson of Hassville, a town near
Bunkie. A negro whose name is not
known at Bunkie was captured and
charged with the crime and carried to
Bunkie for safekeeping. Poses went
in search for the negro and much ex-
citement exists in the country sur-
rounding Bunkie. Bunkie is in Avoy-
elles parish, about 150 miles from New
Orleans, on the Texas and Pacific rail-
way.

GREAT INTENSITY.

Earthquake Shocks Were of a Rather Violent Character.

Washington April 15.—According to
a special bulletin issued by the weath-
er bureau an earthquake of great in-
tensity was recorded by the weather
bureau seismograph, commencing at
1:14:20 Monday morning. The great-
est movement of the earth at Wash-
ington occurred in an east and west
direction and lasted from 1:26 to 1:41,
while the principal portion of the
north and south movement lasted only
until 1:33 a. m. The total duration of
the earthquake was over two hours.
These records seem to indicate univer-
sally violent earthquakes at a distance
comparable in intensity with those
which recently occurred at Valparaiso
and Kingston.

STRONGEST AND LONGEST.

Continued Over Two Hours and Swung Pendulum Off Cylinder.

Albany, April 15.—The strongest and
longest earthquake shock recorded on
the seismograph at the state museum
here since the instrument was in-
stalled began at 1:14 o'clock Monday
and continued more than two hours.
The record was much more pro-
nounced than was made by the San
Francisco earthquake last year. The
maximum vibration was so severe as
to swing the pendulum clear off the re-
cording cylinder.

MANY KILLED.

During Last Four Weeks Over One Hundred Workmen Lost Lives.

Lodz, Russian Poland, April 15.—
During the last four weeks over 100
workmen have been killed or
wounded here, the result of labor
feuds. The government has failed to
protect those who are willing to work
and the latter have taken the matter
into their own hands and are violently
expelling erroristic and anarchistic
agitators. As the Jews form over 80
per cent of the Socialists there is some
apprehension that the incensed work-
men may engage in an antisemitic out-
break.

CONSUL ROOSEVELT DEAD.

Cousin of the Chief Executive Passes Away at Belgian's Capital.

Washington, April 15.—The state de-
partment received a dispatch announc-
ing the death of George W. Roosevelt,
a cousin of President Roosevelt, at
Brussels, where he was consul general.
He died at midnight Sunday night, but
the cause of his death is not given.
He was born in 1844 and served with
distinction during the civil war.

Millat to Be Tried.

Seattle, Wash., April 15.—A dispatch
from Townsend to the Post-Intelli-
gencer says that Lieutenant Colonel
Herbert Millat of the coast artillery,
attached to the Flagler garrison, will
be tried by courtmartial. Lieutenant
Millat is a nephew of the late Presi-
dent James A. Garfield and the son of
a wealthy steel operator of Harrisburg,
Pa. He is charged with conduct un-
becoming an officer and a gentleman.

"I've Been Shot!"

New York, April 15.—"I've been
shot!" This was the exclamation of
George Shambacher, a wealthy real
estate dealer, who died in a few min-
utes. It is thought he surprised a bur-
glar in his dining room and the latter
gave him his death wound.

High School Burns.

Kansas City, April 15.—The West-
port high school was totally destroy-
ed by fire early Monday morning. The
loss is \$50,000.

Near Texarkana W. C. Thompson
found some small white stones. He
sent one to an expert jeweler. The
latter informed Mr. Thompson it is a
genuine diamond.

Eleven tramps at Eau Claire, Wis.,
refused to shovel snow off the streets,
there being no law compelling them
to do so, and remained in warm cells
at the police station.

Three hours after being given a
sleeping powder by a local physician
at Montrose, Colo., Dr. Helen G. Bying-
ton, a prominent woman physician,
died.

Theschooner Fannie was terribly bat-
tered by a storm while en route to
Halifax from the West Indies. Two
hundred puncheons of molasses had
to be run into the hold so that the
vessel could be pumped to allow her
to lift enough to get under sail.

HAD SHOCK.

City of Mexico Is Shaken Four and a Half Minutes.

City of Mexico, April 15.—An earth-
quake shock lasting four and a half
minutes started this city Sunday
night. The earth rocked in a long
swinging motion, terrifying the inhab-
itants. No lives were lost.

Clocks in the city stopped at 11:34.
(Mexican time, which is thirty six min-
utes slower than American time), and
the perceptible motion of the earth
ceased at 11:38 1-2. Telegraph wires
were put out of commission, and for
a short time the city was in darkness
owing to the failure of the electric
lights. One wall of the Associated
Press office was cracked from floor to
ceiling. The asphalt on the paved cor-
ner on Cinco de Mayo street, one of
the principal business streets, was
cracked open.

The shock is pronounced the heav-
iest here in years. People thronged
the streets, many having fled from
the hotels and dwelling houses in their
night robes.

LARGE AMOUNT INVOLVED.

Suit For Fifteen Million Dollars' Worth of Tribal Property.

Ardmore, April 15.—A suit involving
\$15,000,000 worth of tribal property has
been filed here by Hagler, Sims &
Lee asking that the secretary of the

joined from further distribution of
tribe funds and money until the status
of 1,500 freedmen of mixed negro and
Indian blood be fixed by law.

The petitioners allege that the freed-

allotment instead of forty acres, which
they have been given.

Two Others Perhaps Fatally Wounded by Cable Breaking.

Chihuahua, Mex., April 15.—Four
miners were killed and two others se-

accident in the Galena mine of the San
Toy Mining company, Santa Eulalia
camp of this district. All six miners

BOILER TUBE BURST.

Live Coals and Steam Cause Two Deaths, and Eight Others Hurt.

Key West, Fla., April 15.—An ex-
plosion, which occurred on the dredg-

railway at Key West, caused the death
of two Spaniards, Jose Inado and Man-
uel Agram, and injured eight others.
A tube in the boiler burst, the es-
caping steam blowing open the furnace
doors and throwing live coals and
steam on the two men who were killed.

BOLD BANDIT.

Unaided, He Holds Up a Stage and Se- cures Much Booty.

Butte, Mont., April 15.—A Miner dis-
patch from Great Falls says: The
stage running between Malta and Zort-
man was held up by a lone bandit, ac-
cording to a telephone message re-
ceived, and a sum estimated at about
\$28,000 is said to have been secured.
It is thought that the man was one
of the Curry gang. Six years ago
Curry and his gang held up a Great
Northern train in the vicinity of Malta
securing \$43,000. Many of the pals
of Curry still live in northern Mon-
tana.
